To Whom It May Concern:

The Ryan High School Band is currently seeking out the generous support of local businesses and merchants in the hopes of providing much needed financial support for the program. While school district and student fees fund some of what we are able to do, we still have a significant need in the band program to purchase equipment, music, and compensate for ever rising transportation costs.

Our immediate sponsorship goal is \$90,000 to help with purchasing meals for our upcoming camp and contests, equipment and costumes for our 2023 marching show, instruments for our students, and private lesson scholarships.

We appreciate the support of the community and business in our area as we continue to work toward providing a valuable music education and experience to our students.

Please consider looking through this sponsorship document and the various levels of support your business may be able to offer.

Sincerely,

Jarrood Beard
